AITEX, Notified Body No 0161 for the application of Directive 89/686/EEC of 21st December 1989 (O.G.E.C. of 30.12.1989), Royal Decree 1407/1992 of 20th November, in which the minimum requirements that Personal Protective Equipment (PPE) must comply with are set forth.

CERTIFIES:

The Company: JGM INTERNATIONAL
STANFORD HOUSE, STANFORD TUCK
GB-NR28074 NORTH WALSHAM,
NORFOLK - UNITED KINGDOM

Has obtained **EC TYPE EXAMINATION INSPECTION CERTIFICATION**, in compliance with what is stated in Directive 89/686/EEC and in agreement with the applicable test procedures according to standards *UNE-EN 420:2004+A1:2010+ERRATUM:2011* general requirements, *UNE-EN 388:2004* mechanical risks of abrasion (Level 1), tears (Level 4) and *UNE-EN 511:2006* against risks of convective cold (Level 0) and contact cold (Level 1), having attained the levels of provision specified in **TEST REPORT No. 2014EP2808** and in **PPE'S TECHNICAL DOCUMENTATION**.

Said certification is valid for the following articles:

PPE TYPE "FG33 GLOVES WITH FG400 LINER GLOVES" destined to the protection of the user palm against mechanical risks of abrasion and tear and to the protection of the whole hand of the user against contact cold risks.

Manufactured by: JGM INTERNATIONAL

PPE DESCRIPTION:

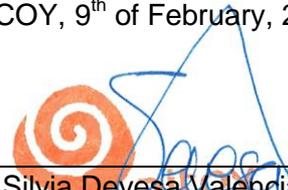

Five-fingered glove made in blue knitted fabric. The glove is made from a single, seamless piece covering from the tips of the fingers to the palm, back and the cuff at the wrist. The palm is covered by small red dots and between the thumb and index finger is a single, larger dot. The knuckles are elasticated for adjustment and the cuff is edged in coloured edging tape. The glove is made from a lining and an exterior fabric. The inner layer is made in blue knitted fabric and the layers are separate.

The materials that form the PPE, are described in the test report No. 2014EP2808.

It shall be the manufacturer's sole responsibility to furnish specific information pertaining to this certificate and the tested levels of protection.
