

ILLUMATHERM HI VIZ COLD STORE JACKET

A must for working in the vicinity of moving machinery, or working in low light conditions. The IllumaTherm has the addition of increased visibility for a safer working environment.

Dual Certification

Before, it has not been possible to combine warmth and HV certifications. This jacket has been carefully developed to meet the two EN certifications. EN342 is the standard for clothing used in cold storage environments, and EN471 is the certification required for garments with hi-visibility.

Comfort

The Classic Cold store Jacket has an ergonomic design for maximum freedom of movement and also incorporates brushed lining and a high fleece collar for extra touches of comfort.

Flexibility

Using FlexEasy, a 4-way stretch fabric panel joining sleeve and body, designed to offer greater flexibility and easy movement of the arms.

Warmth

Clo Insulation provides great comfort and warmth whilst remaining incredibly lightweight and non-bulky.

Use with **X28S** salopettes

Sizes: **XS - 6XL** | Order Code: **X28JHV**

High fleece Collar • Large front pockets • Arm pockets • Inner pockets • Chin guard • Extra luminous water resistant yellow upper • This jacket is tested to withstand 30 washes • The durable reflective tape is tested to BS EN20471 and able to withstand up to 100 washes and temperatures down to -30°C

Typical Application

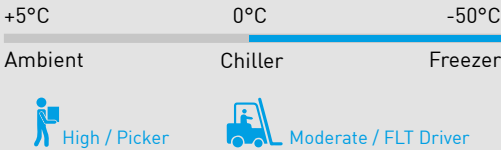

Used in cold storage environments where hi-visibility is required due to low light or risk due to moving vehicles and machinery.

Important! Certification for this product is only valid when worn with corresponding / certified salopettes
