

CHILLWEAR FLEECE X12F

A high quality, warm and comfortable fleece jacket, certified to EN 14058 as a class two product

Certified Warmth

Certified to EN1408. Using 500gsm heavyweight sherpa lined fleece, combined with features such as an insulated collar for maximum protection from the cold, this is one of the warmest fleeces available on the market.

Comfort

The microfibre fleece gives a soft touch while the elasticated cuffs stop cold air inlets. Also featuring lining in the arms for easy movement and dressing.

Durable

Anti-pill fleece to prevent wear and tear and the colourfast material means that the garment will stay looking smarter for longer.

Sizes: **XS - 5XL** | Order Code: **X12F**

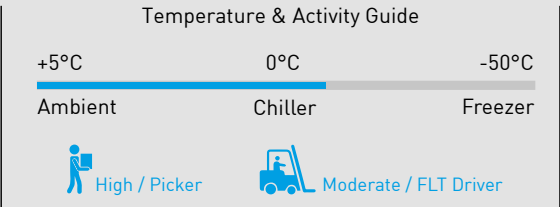

Fleece collar • OptiZip BS3084 zipper • Anti-rot thread • Zip pockets • Full zip collar • Soft feel fleece

Typical Application

Used in chilled and ambient areas for all activities. A comfortable garment with extra features and certification for +5°C to -5°C.

Please ensure you read the User Guide (which can be found on the product page on our website) for full details on recommended temperature, activity and time before using this product.
