

## AQUATIC 655

Hard wearing and water-resistant leather freezer work glove with dual layering that increases durability and gives the wearer added comfort and protection

### Durable

Dual Thickness Cow Leather, Raw hide leather back and a water-resistant palm adds protection and reduces glove wear.

### Warmth

Hollowfibre insulation traps more air for better warmth without extra bulk.

### Comfortable

Featuring flexible leather incorporated into a wing thumb design with an extra long knitted wrist.

Sizes: **M - XL** | Order Code: **FG655** | Qty: **Pack (6) Box (60)**

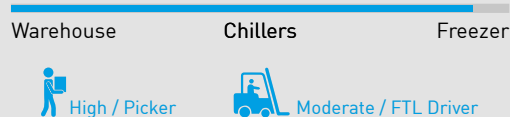

Artery guard • CE CERTIFIED Manufactured to European standards

## Typical Application

An excellent value glove for use in sub zero temperatures and where products may be damp due to the water resistant palm.
