

SUPER GRIP 6

A Terry lined dip coated glove, great for cold store pickers

Dexterity
A close fitting glove allowing excellent flexibility for dexterous and intricate tasks in cold temperatures.

Grip
The nitrile dipped palm provides an extra strong grip coating.

Warmth
With a high pile thermal lining for a high warmth to weight ratio.

Sizes: **M - XL** | Order Code: **FG6** | Qty: **Pack (12) Box (120)**

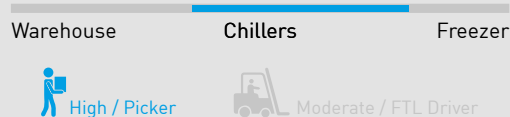

Looped lining - for extra warmth and comfort • Non-allergic nitrile coating - no adverse reactions to glove wear

Typical Application

A very close fitting freezer glove for use in cold temperature controlled environments along with a liner glove.
